

Vertical Flange Clip

Simple, quick and high strength

For fixing suspended wire and lighting to steel profiles.

Product Advantages

- All steel (Fire Resistant)
- Series of strong barbs grip the flange
- Angle trim may, for suspended ceilings, be bolted through the larger hole using M6 bolts

Substrates

- Steel

Applications

- Fixing of cable to steel purlins
- Fixing lighting systems to steel profiles
- Fixing suspended ceilings to steel profiles

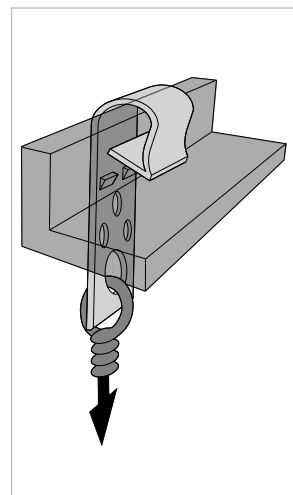

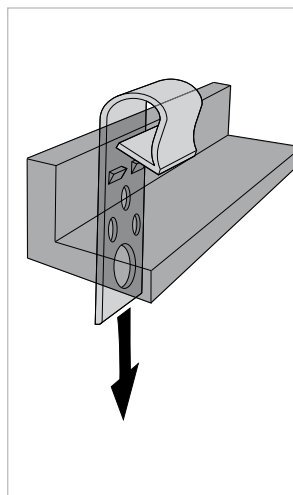

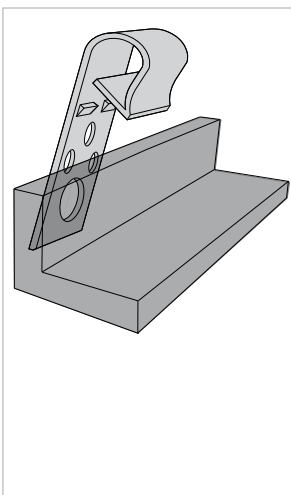

Specification

Spring steel

Zinc passivated

Installation

1. Place hook profile over the vertical of the purlin.
2. Tap into place with a hammer.
3. Connect drop wire or chains through the 'eye' of the clip.
